

Potato Salad

Serves 4

You'll need:

6 medium potatoes
3 tbsp mayonnaise/ sour
cream
1 red onion, diced
1 stick celery, diced
200g frozen peas
salt and pepper

1. Keeping the skin on, quarter the potatoes and place in large pan. Cover with cold water and a big pinch of salt. Cook until a knife will go through the potato with ease. Drain the potatoes in colander and allow to cool.
2. Mix the onion, celery and peas with mayonnaise or sour cream, and season with salt and pepper.
3. When the potatoes are cooled, mix with the mayonnaise and vegetable mixture. This can be kept in the fridge for 3/5 days and is a great salad for lunch or alongside some roasted veg for dinner.
